How a Woman Can Earn Money. THE TRIBUNE'S WORK,

THE FINEST

over, entitled Occupations of Women. Is the most practical and useful work ever issued in this country for the benefit of women who wish to add to their earnings. Thousands of women who earn a mere pittance in small-paying trades are capable of larger and better things, and many who have no moneymaking occupation at all need to know what they can undertake and the promise of reward. The Tribune's work is an admirable exposition of the whole subject. Over 100 trades are described, with facts as to the compensation in each.

It is well illustrated with portraits and other pictures, and is as charming for the general reader as intensely interesting to the practical worker.

25 cents a copy, postpaid. A COPY WILL BE MAILED TO ANY ADDRESS IN THE UNITED STATES UPON RECEIPT OF THE MONEY BY
